

INCI

Disodium Laureth Sulfosuccinate

Applications

- Personal care

Characteristics

- Anionic surfactant
- Colourless to yellowish liquid
- Preservative: 0.35% – 0.45% potassium sorbate
- Active matter: min. 31.5%

Specifications

pH <i>EOC-method nr 3001</i>	4.5 – 5.5
Total solids (%) <i>EOC-method nr 2093</i>	39.0 – 41.0
Sulphite (ppm) <i>EOC-method nr 88001</i>	Max. 500

Storage / Shelf life

The product has a shelf life of 6 months when stored in its original closed packaging between 5°C and 30°C.

The product might show white sediment that disappears under stirring and heating to 40°C.

After long-time storage above 20°C, reduction of pH and anionic activity are possible.

During transport, the recommended storage temperatures should be respected.

Health & Safety

See safety datasheet.

RSPO

This technical datasheet is also valid for the RSPO Mass Balance (MB) certified grade.
